Geometric partners with Ace Manufacturing Systems Ltd

Mumbai, India, December 15, 2010: [Geometric Limited](#) (BSE: 532312, NSE: GEOMETRIC), a leader in Product Lifecycle Management (PLM), Global Engineering Services and Offshore Product Development (OPD) solutions and technologies, today announced its partnership with India's leading CNC Vertical and Horizontal Machine manufacturer, Ace Manufacturing Systems Ltd. (AMS) for supporting CAMWorks on its CNC Vertical and Horizontal Machines.

AMS (www.amslindia.net) is one of the largest manufacturers of CNC Vertical (VMC) and Horizontal Machining Centers (HMC) in India, offering its customers complete turnkey solutions to suit their machining needs. Set up in 1994, AMS is well equipped, with the latest infrastructure, to handle the ever-increasing production needs and to facilitate critical R&D work.

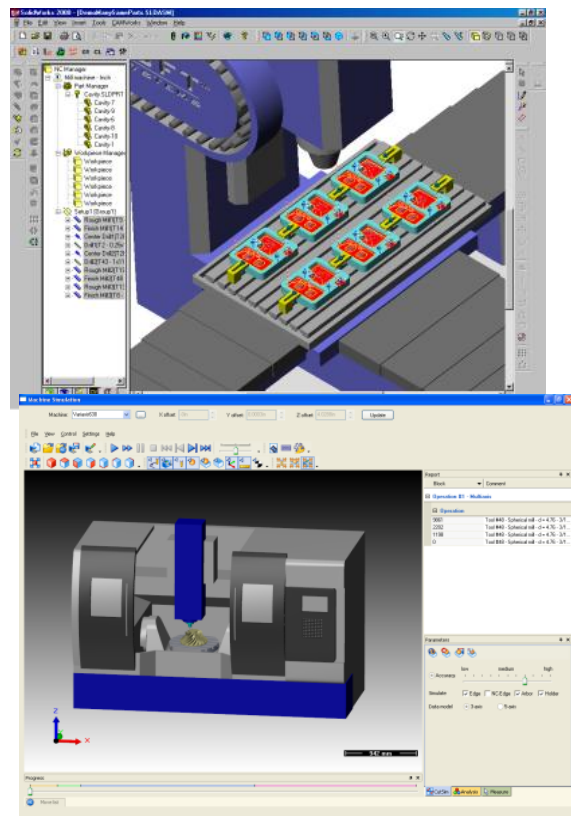

Through this partnership, AMS will promote CAMWorks and related literature along with their product Machining Centers by including it in their offerings and recommending it to their customers, and will connect interested customers with Geometric.

Geometric will, in turn, provide AMS the required CAMWorks knowledge imparted through trained personnel and the required support for taking trials on their machine and also help in component prove out for their prospects.

"We see mutual benefits in collaborating with AMS, which will help CAMWorks broaden its scope in Asia and India, in particular. It will also help us understand the needs of the machinist in emerging economies and enhance our product offerings for CAMWorks users accordingly. It will also help in focused product development for different manufacturing domains", said Mr. Sambit Pradhan, Business Development Manager, and Product Sales – APAC.

About CAMWorks:

CAMWorks is an intuitive solids-based CAM solution that helps manufacturers increase productivity and profitability through best-in-class technologies and

adaptable automation tools that maximize machining efficiencies. It is simple to use and eliminates the drudgery of CNC programming with Intelligent Machining through automation.

About Geometric:

Geometric (www.geometricglobal.com) is a specialist in the domain of engineering solutions, services and technologies. Its portfolio of Global Engineering services and Digital Technology solutions for Product Lifecycle Management (PLM) enables companies to formulate, implement, and execute global engineering and manufacturing strategies aimed at achieving greater efficiencies in the product realization lifecycle.

Headquartered in Mumbai, India, Geometric was incorporated in 1994 and is listed on the Bombay and National Stock Exchanges. The company recorded consolidated revenues of Rupees 5.12 billion (US Dollars 108.1 million) for the year ended March 2010. It employs close to 3000 people across 11 global delivery locations in the US, France, Romania, India, and China. Geometric was assessed as CMMI 1.1 Level 5 for its software services and is ISO 9001:2008 certified for engineering operations.

Geometric's Desktop Products and Technologies (DPT) business unit develops cutting-edge point productivity solutions that enhance design and improve manufacturing operations. The end-user products from Geometric include CAMWorks®, eDrawings® Publisher, DFMPPro, GeomCaliper® and 3DPaintBrush™. The key technologies from Geometric are NestLib®, Feature Recognition (FR), GeomDiff and 3DSearchIT®. Geometric licenses these technologies to OEM partners and also designs and implements customized process solutions using these technologies for industrial customers.
