Geometric partners with Metamation, Inc.

Mumbai, India, June 21, 2011: [Geometric Limited](#) (BSE: 532312, NSE: GEOMETRIC), a leader in Product Lifecycle Management (PLM), Global Engineering Services and Offshore Product Development (OPD) solutions and technologies, today announced a partnership with Metamation, Inc., a leader in providing CAD/CAM nesting solutions for sheet metal Industry, for supporting CAMWorks® .

Through this partnership, Geometric will promote MetaCAM, a sheet metal product from Metamation, Inc., and related literature along with their product CAMWorks by including it in their offerings and recommending it to their resellers and end customers. Metamation Inc., will in turn, provide Geometric training and support for their product.

“We see mutual benefits in collaborating with Metamation, Inc., which will help CAMWorks expand its base in USA and Mexico in particular. It will also help CAMWorks VARs to offer both fabrication as well as machining solution to our customer base”, said Mr. Sunil Palrecha, Director – Product Marketing and Sales.

About CAMWorks:

CAMWorks is an intuitive solids-based CAM solution that helps manufacturers increase productivity and profitability through best-in-class technologies and adaptable automation tools that maximize machining efficiencies. It is simple to use and eliminates the drudgery of CNC programming with Intelligent Machining through automation.

For more information on CAMWorks, visit www.camworks.com

About Metamation:

Metamation, Inc., founded in 1995, is a leader in CAD/CAM software solutions for the fabricating industry. With a few thousand seats installed across North America, Europe, Asia and Australia, the Metamation product line is well known for its class leading performance and ease of use. The Metamation product line includes its flag ship sheet metal CAD/CAM software MetaCAM, integrated automation software Enterprise and Solidworks® integrated sheetmetal solution Metaworks-SW. Metamation, Inc in North America is headquartered in Reno, NV with a large distributor network in Canada, Mexico and USA. Metamation also has strategic offices in Japan and India contributing to the Metamation products as they are known today.

About Geometric:

Geometric is a specialist in the domain of engineering solutions, services and technologies. Its portfolio of Global Engineering services and Digital Technology solutions for Product Lifecycle Management (PLM) enables companies to formulate, implement, and execute global engineering and manufacturing strategies aimed at achieving greater efficiencies in the product realization lifecycle.

Headquartered in Mumbai, India, Geometric was incorporated in 1994 and is listed on the Bombay and National Stock Exchanges. The company recorded consolidated revenues of Rupees 6.21 billion (US Dollars 136.47 million) for the year ended March 2011. It employs over 3900 people across 10 global delivery locations in the US, Romania, India, and China. Geometric was assessed as CMMI 1.1 Level 5 for its software services and is ISO 9001:2008 certified for engineering operations. The company's operations are also ISO 27001:2005 certified.

Geometric's Desktop Products and Technologies (DPT) business unit develops cutting-edge point productivity solutions that enhance design and improve manufacturing operations. The end-user products from Geometric include CAMWorks®, eDrawings® Publisher, DFMPPro, GeomCaliper® and 3DPaintBrush™. The key technologies from Geometric are NestLib®, Feature Recognition (FR), GeomDiff and 3DSearchIT®. Geometric licenses these technologies to OEM partners and also designs and implements customized process solutions using these technologies for industrial customers.
