For Immediate Release

Geometric releases GeomCaliper® version 2.4 for Pro/ENGINEER®

Powered by PTC's GRANITE® Kernel for improved accuracy

Mumbai, India, December 15, 2009: [Geometric Limited](#) (BSE: 532312, NSE: GEOMETRIC), a leader in Product Lifecycle Management (PLM), engineering, offshore product development solutions and technologies, today announced the release of version 2.4 of [GeomCaliper®](#), supported and integrated with the [PTC Pro/ENGINEER GRANITE Interoperability Kernel](#) to provide improved accuracy.

Major advancements in this release include:

- More accurate and improved thickness analysis results for Pro/ENGINEER CAD models.
- Support for Windows Vista OS (32-bit and 64-bit)

[GeomCaliper](#) is an innovative tool that facilitates measurement and checking of wall thickness of 3D CAD models. It accelerates the design review process for manufacturability, enabling faster prototyping and production of designs, thus reducing the overall design cycle time. Unlike other traditional measurement methods, GeomCaliper is fast, accurate and easy to use.

A preview of the new feature and free 15 days trial version of [GeomCaliper](#) for Pro/ENGINEER and CATIA® V5 platforms can be downloaded from <http://geomcaliper.geometricglobal.com/>.

About Geometric

Geometric (www.geometricglobal.com) is a specialist in the domain of engineering solutions, services and technologies. Its portfolio of Global Engineering services and Digital Technology solutions for Product Lifecycle Management (PLM) enables companies to formulate, implement, and execute global engineering and manufacturing strategies aimed at achieving greater efficiencies in the product realization lifecycle.

Headquartered in Mumbai, India, Geometric was incorporated in 1994 and is listed on the Bombay and National Stock Exchanges. The company recorded consolidated revenues of Rupees 5.98 billion (US Dollars 129.47 million) for the year ended March 2009. It employs close to 3000 people across 11 global delivery locations in the US, France, Romania, India, and China. Geometric is assessed at SEI CMMI Level 5 for its software services and ISO 9001:2000 certified for engineering operations.

Geometric's Desktop Products and Technologies (DPT) business unit develops cutting-edge point productivity solutions that enhance design and improve manufacturing operations. The end-user products from Geometric include CAMWorks®, eDrawings® Publisher, DFMPPro, GeomCaliper®, and 3DPaintBrush™. The key technologies from Geometric are NestLib®, Feature Recognition (FR), GeomDiff and 3DSearchIT®. Geometric licenses these technologies to OEM partners and also designs and implements customized process solutions using these

technologies for industrial customers.

For further details about Geometric's DPT business unit, please visit www.geometricglobal.com/products or call +1.480.367.0132
