FOR IMMEDIATE RELEASE

Ravi Gopinath named Managing Director and Chief Executive Officer of Geometric Software Solutions

Manu Parpia will be Vice Chairman & Executive Director

Mumbai, India, 21 September 2006 - Geometric Software Solutions (BSE – 532312, NSE – GEOMETRIC), announced today that its Board of Directors has appointed Dr. Ravi Gopinath as the Company's Managing Director and Chief Executive Officer . The appointment reflects Geometric's on-going succession planning process and is effective 4th October, 2006. Dr. Ravi Gopinath succeeds Manu Parpia, who will continue serving as Vice Chairman & Executive Director of Geometric.

As a result of an extensive global search, Geometric's Board of Directors believes it has chosen an outstanding leader who will guide Geometric's efforts to expand the markets it addresses and seek new opportunities in the growing PLM and engineering services industry around the globe.

Manu Parpia as the founder CEO of Geometric, has been the driving force of the Company. He has been responsible for growing the Company from just over 50 people in '94 to over 1800 people today. He took the Company Public in 2000 and has overseen the building of several key relationships with major customers during his tenure. During the transition, Ravi Gopinath will report to Manu Parpia, who will continue to oversee the 3D PLM joint venture and the products businesses of Geometric.

In welcoming Dr. Ravi Gopinath to the company, Manu Parpia said, "This step is clearly a defining moment for Geometric. Ravi has an outstanding track record in the PLM and engineering services industry. He will bring in a fresh approach and insights which I believe are essential for Geometric to achieve its full potential as a world class specialised solutions and services company by adding greater value to its customers. I look forward to working with Ravi to accelerate our growth by increasing customer satisfaction, addressing new markets and building a scalable organization."

"Geometric represents a great opportunity and I am excited to be a part of this Company. Manu and his team have created a unique position for Geometric

which assumes greater significance as the engineering services segment in India acquires momentum. I look forward to working with Manu to leverage this platform by adding more value to Geometric's customers and enhancing shareholder value." said Dr. Gopinath.

Prior to accepting the position at Geometric, Dr. Gopinath served as head of the Engineering and Industrial Services (EIS) strategic business unit of Tata Consultancy Services Limited.

Geometric management will host a media round table on 5th October to introduce the new CEO and will hold financial and industry analyst conference call on 17th October. The details will be communicated individually.

Short Profile of Dr. Ravi Gopinath:

Dr. Ravi Gopinath headed the Engineering and Industrial Services (EIS) strategic business unit of Tata Consultancy Services Limited from April 2004 – September 2006. He grew the business substantially during this period, by diversifying its portfolio from primarily PLM and CAx services to a broad based engineering and manufacturing solutions offering including electronic systems development, asset management solutions, shop-floor automation, geospatial technologies and strategic sourcing.

Prior to this assignment, Ravi led TCS' Manufacturing Practice from April 2000. He had been with TCS for 12 years and has 17 years of industry experience. He joined TCS in 1994 at its Corporate Research & Development Center in Pune, India.

An active researcher, he is the author of several publications and holds two international patents.

Ravi graduated from the Indian Institute of Technology, Bombay, with a major in chemical engineering in 1989 and holds a Ph.D. in control systems from Rensselaer Polytechnic Institute in the United States, which he obtained in 1994.

About Geometric Software Solutions:

Geometric is a CMMI Level 5 Company providing the most cost-effective end-to-end PLM solutions to the global mechanical design, manufacturing, and industrial markets. Geometric offers wide range of services - Engineering services, PLM software development, Application Management, PLM integration/implementation services across leading PLM platforms; SolidWorks™, CATIA™, ENOVIA™, DELMIA™, eMatrix™, Teamcenter Enterprise (Metaphase)™, Windchill™, UG 17,18 & NX® etc. Our service offerings are complemented by a robust portfolio of Products & Technologies licensed to customers through a strong network of resellers. Long-standing relationships with market leaders, in-depth domain expertise, innovative products and a cost-effective global delivery model makes Geometric the preferred partner for PLM.
