TekSoft is now “Geometric Technologies”

Industry leader in providing best of breed, cutting edge CAM technology rebrands itself

Scottsdale, Arizona. November 20, 2007

Effective October 19, 2007, TekSoft has been renamed Geometric Technologies, Inc. This follows the decision to adopt the “Geometric” brand across all operating companies by its holding company - Geometric Limited (formerly Geometric Software Solutions Company Limited).

The management team and structure of Geometric Technologies remains same. “As we make this transition, we assure you of our continued commitment to the business”, commented Geometric Technologies CEO and President Mike Coleman. He further added, “You can look forward to many positive changes and innovative products.”

About Geometric

Geometric is a specialist in the domain of engineering solutions, services and technologies. Its portfolio of Global Engineering services and Digital Technology solutions for Product Lifecycle Management (PLM), enable companies to formulate, implement, and execute global engineering and manufacturing strategies aimed at achieving greater efficiencies in the product realization lifecycle.

Geometric was incorporated in 1994 and is headquartered in Mumbai, India. It is listed on the Bombay Stock Exchange (BSE: 532312) and the National Stock Exchange (NSE: GEOMETRIC) in India. For its consolidated operations for the year ending March 2007, the company recorded revenues of 3.95 Billion Rupees (85 Million US Dollars), with market capitalization of 6.2 Billion Rupees (142 Million US Dollars).

Geometric’s Desktop Products and Technologies (DPT) business unit develops cutting-edge point productivity solutions that enhance design and improve manufacturing operations. The unit includes Phoenix AZ-based business subsidiary, Geometric Technologies, Inc., formerly TekSoft, Inc., which has over twenty five years in progressive product innovation. It develops and markets CAMWorks, a SolidWorks® certified Gold CAM product, besides marketing and distributing Geometric’s products and technologies.

The end-user products from Geometric include CAMWorks, eDrawings Publisher, DFMPPro and GeomCaliper. eDrawings Publisher is a lightweight intuitive collaboration tool for 3D models that enables publishing of 3D model from all major CAD systems. DFMPPro is an automated intuitive tool for designers to accurately predict the manufacturability of models. GeomCaliper is an integrated, automated and easy to use thickness checker for 3D CAD models.

The key technologies from Geometric are NestLib, Feature Recognition (FR), GeomDiff and 3DSearchIT. Geometric licenses these technologies to OEM partners and also designs and implements customized process solutions using these technologies for industrial customers.
