For Immediate Release

Geometric releases version 1.2 of 3DPaintBrush™

Includes new features, enhancements and support for Rhino models

Mumbai, India, January 27, 2009: [Geometric Limited](#) (BSE: 532312, NSE: GEOMETRIC), a leader in Product Lifecycle Management (PLM) solutions and technologies, announced the release of [3DPaintBrush™](#) version 1.2.

3DPaintBrush is an innovative visualization and rendering tool that helps create near photo-realistic images, animations, and videos from 3D models in real-time. It can be used to repurpose 3D models and create digital content for architectural and interior design, industrial and product design, presentations, marketing collateral and for many other applications.

3DPaintBrush version 1.2 provides additional file type support and exciting new user-friendly functionalities including:

- Native support for Rhino (*.3dm) models
- Support for importing Camera Animations & Active Camera from SketchUp models
- Reuse textures by saving them through the 'Add to My Textures' feature
- Support for maintaining aspect ratio while exporting images
- Box Zoom functionality to zoom into a part of the model, and Box Select functionality to choose and modify multiple objects at the same time
- Taskbar Shortcuts & Hotkeys for better usability

About Geometric

Geometric is a specialist in the domain of engineering solutions, services and technologies. Its portfolio of Global Engineering services and Digital Technology solutions for Product Lifecycle Management (PLM) enables companies to formulate, implement, and execute global engineering and manufacturing strategies aimed at achieving greater efficiencies in the product realization lifecycle.

Headquartered in Mumbai, India, Geometric was incorporated in 1994 and is listed on the Bombay and National Stock Exchanges. The company recorded consolidated revenues of Rupees 4.86 billion (US Dollars 121.6 million) for the year ended March 2008. It employs close to 3000 people across 10 global delivery locations in the US, France, Romania, India, and China. Geometric is assessed at SEI CMMI Level 5 for its software services and ISO 9001:2000 certified for engineering operations.

Geometric's Desktop Products and Technologies (DPT) business unit develops cutting-edge point productivity solutions that enhance design and improve manufacturing operations. The end-user products from Geometric include CAMWorks®, eDrawings® Publisher, DFMPPro and GeomCaliper®. The key technologies from Geometric are NestLib®, Feature Recognition (FR), GeomDiff and 3DSearchIT®. Geometric licenses these technologies to

OEM partners and also designs and implements customized process solutions using these technologies for industrial customers.
